State of the Union Speech — Jan 30, 2018

If you watched the Donald give his State of the Union Speech, you found nothing surprising. Positive trends throughout our nation. Results to date have been ***very good***.

What was so discouraging was the Democrat response by Joe Kennedy, III. He has the old Kennedy look. His delivery was young and immature. But his message was so out of touch with his great uncle, JFK, a leader who thought that a lower tax rate encourages private enterprise and economic growth. After reciting the current Democrat mantra about Trump, Joe III launched into the Karl Marx dogma about unequal wealth. If that is the Democrat's response to the Trump economic revolution, will someone please explain to registered Democrats the idiocy of their economic approach.

If they cannot understand and they continue to vote for handouts, WE ARE DOOMED!

Old News:

During a recent press conference, a reporter with MSNBC hollered from the press corps, "Where is President Trump hiding his tax returns?"

Press Secretary, Sarah Huckabee Sanders, astutely responded, "We've found a very secure place and I'm certain they won't be found."

"And just where is that?", said the reporter, sarcastically.

Mrs. Sanders grinned sardonically and said, "They are underneath Obama's college records, his passport application, his immigration status as a student, his funding sources to pay for college, his college records, and his Selective Service registration.

"Next question?"

Socialism is a philosophy of failure, the creed of ignorance, and the gospel of envy, its inherent virtue is the equal sharing of misery.

Winston Churchill

So that the record of history is absolutely crystal clear. That there is no alternative way, so far discovered, of improving the lot of the ordinary people that can hold a candle to the productive activities that are unleashed by a free enterprise system.
