### "The Patriot Alliance" A New Organization in Green Valley

In the interest of increasing meeting attendance and to attract a wider range of top-notch speakers, the *Green Valley Tea Party* (GVTP) will join with the *Republican Club of Green Valley/Sahuarita* (RCGV/S) and other conservative groups as the **Patriot Alliance**. The other groups under this umbrella are the *Quail Creek Republican Club* (QCRC) and the *Sahuarita Tea Party Patriots*. The RCGV/S is changing its monthly meetings to the First Thursday of every month (the same day as GVTP's meeting) to combine the groups for monthly general meetings.

The first combined meeting will be Thursday, September 7, at 9:00 AM at Friends In Deed (in Room D, the large room with the round tables). As always, coffee and ‘treats’ will be provided. The featured speaker will be **Ken Moyes**, a constitutional expert who will address the importance of the **Electoral College** and the ramifications of eliminating it (as many on the Left are suggesting). Don’t miss this fascinating presentation.

### The Old Curmudgeon Asks:

Is my memory failing? Didn't the Democrats pass the “Affordable Care Act” without ONE Republican vote? Why don’t the Republicans simply repeal the damned thing? If they do not, ACA will bankrupt the country and IT WILL NOT IMPROVE HEALTH CARE OR ACCESS TO IT.

The title of the “Affordable Care Act” is the grossest example of mislabeling in my life time. Affordable? Not according to the numbers I’ve seen. And those numbers are conservative estimates of the “unbiased” Congressional Budget Office.

Remember the estimates of the cost of Medicare? In 1965 the estimated cost for 1990 was \$12 Billion. The actual cost in 1990 was \$90 Billion. Can we conclude that estimates of future spending are less than reliable?

We have the best healthcare in the world. Otherwise, people with personal resources would not be coming here for surgery and cancer treatment. They would use the rationed health care of their socialist homeland. In my opinion, we do not have a health care crisis in the U.S. We have a crisis of government involvement. Why can’t we give the less fortunate a tax credit to buy health insurance and then rely on the free market to provide realistic health insurance tailored to individual needs. The auto insurance industry could be a good model to follow.

Just asking.
