Think About It?

We have an elite intelligentsia who believe that the precepts and teachings of Karl Marx are guideposts for the future of our nation. While our generation was working and trying to prepare for a better future, these elitists taught our children. They brainwashed them in the doctrine of "Socialism": "Every citizen is entitled to receive according to their needs. Every citizen should contribute according to their skills, abilities and assets." The concept is echoed daily by today's liberals: "The rich should pay their *Fair Share* in taxes."

Our children have been duped. The reality is: Why should anyone who has strived, sacrificed, and worked unbelievably hard to earn a reward, share that reward with others who did nothing but extend their hand for a payout?
